

エコ工作体験(松笠ツリー、ドライフラワーリース、光の万華鏡等)

エコ工作体験を通して、廃棄物の再利用等を学ぶことで、地球環境への関心を高めることにつながります。

※昨年度の金物まつりでの、エコ工作体験の様子

地球環境と省エネ教室

エネルギーの大切さを知り、生活の中で取り組める省エネについて学ぶことができます。

A collage of images related to energy conservation and environmental education. The background is yellow. In the top left, a blue cloud contains the text "地球温暖化や自然エネルギー活用の大切さを学びます。" (Learn the importance of global warming and natural energy utilization). Below this is a photo of a classroom activity where a teacher is showing a large board to a group of children. In the top right, there are two photos of a Panasonic booth. The left photo shows a solar panel display with a sun icon and the Panasonic logo. The right photo shows a display with a moon icon and the Panasonic logo. In the bottom center, there is a cartoon illustration of a sun, a globe, and a keyboard. In the bottom right, a blue cloud contains the text "エネルギーの創・蓄・省を学びます。" (Learn about energy creation, storage, and conservation), accompanied by a cartoon illustration of an elderly man and a young boy.
